and to everyone that gives their time to volunteer for any role that means our girls can turn up to play netball every week!

Last Friday we had the power go off during lunchtime. We waited for over an hour before we made the decision to contact parents to arrange earlier pick ups, due to the fact that we need power for the school water supply. This was **not** an emergency, but a hygiene issue.

It was good for us to test the quickest way to contact all our families, and to see where improvements could be made. Thank you to everyone who was able to come and collect your children early, and for the feedback we received.

I ate one Brownie today
instead of the entire pan.

Pretty sure I am a life
